

CHAS ACADEMY

FULLSTACK JAVASCRIPT

AUG 2023 - JUNE 2025

At Chas Academy, I am immersed in the world of Fullstack JavaScript, honing my skills in modern web development. I am gaining hands-on experience in agile projects, mastering the MERN-stack and many more technologies. This journey is not just about coding — it's about collaboration, continuous learning, and building robust solutions.

ADVENICA

LIA-INTERN

JAN 2025 - MAY 2025

At Advenica in Malmö, I am excited to apply my web development skills in a dynamic and innovative environment. Working on the web-based documentation application for Cross Domain Solutions, I collaborate with a dedicated team to create user-friendly materials. This experience allows me to grow, contribute, and continuously improve—embracing new challenges with enthusiasm and a problem-solving mindset.

EIG

PROJECT MANAGER

AUG 2021 - JAN 2022

As a Project Manager Intern at European Integration Group in Istanbul, I had the privilege of leading three youth exchange programs. Organizing activities, managing logistics, and ensuring seamless communication for over 120 participants taught me the importance of responsibility, adaptability, and creating meaningful connections. Bringing people together for shared learning experiences was truly rewarding.

MALMÖ UNIVERSITY

IMER BACHELOR DEGREE

AUG 2019 - JUNE 2022

Studying International Migration and Ethnic Relations at Malmö University deepened my understanding of global migration, diversity, and social cohesion. Through research on asylum law, discrimination, and integration, I developed analytical skills that help me see challenges from multiple perspectives. My thesis explored media representations of Frontex, reflecting my passion for critical thinking.

SANDVIK

FORKLIFT DRIVER

AUG 2019 - MAY 2023

For four years, I was part of a hardworking team at Sandvik's warehouse in Svedala, where efficiency and collaboration were key. I thrived in a fast-paced environment, balancing physical and administrative tasks while contributing to the company's SAP transition. Supporting and training colleagues reinforced my belief in the power of teamwork and shared knowledge.

MALMÖ UNIVERSITY

RESEARCH ASSISTANT

JAN 2020 - SEP 2021

Supporting two PhD students in their research at Malmö University gave me hands-on experience in transcribing and translating studies on Ethnic Relations and Social Science. This role deepened my curiosity for research, strengthened my analytical skills, and reinforced my passion for lifelong learning and knowledge-sharing.
